1. INTRODUCTION

These Qualification Regulations (Regulations) describe in detail how athletes and teams can qualify for the Lima 2027 Parapan American Games in each of the seventeen (17) sports from the Games Programme. It provides to the National Paralympic Committees (NPCs), to National Federations (NFs), to sports administrators, coaches and to the athletes themselves the conditions that allow participation in the leading event of the Paralympic Movement in the Americas.

These Regulations present:

- an overview of the Games Programme;
- the general AmPC regulations on eligibility; and
- each International Federation's (IF) own specific qualification criteria for its sport.

STRUCTURE OF EACH IF'S SPORT-SPECIFIC QUALIFICATION CRITERIA

Each IF's own sport-specific section in these Regulations follows a standardized format. Readers can quickly locate information or cross-reference it between sports. The standard structure of each IF's sport-specific qualification criteria is as follows:

- Events
- Athlete quotas
- Allocation of qualification slots
- Maximum quota allocation per NPC
- Athlete eligibility (sport-specific)
- Maximum entries per NPC
- Qualification system (in the order of slot allocation)
- Timeline
- Confirmation process of allocated slots
- Reallocation of unused qualification slots
- IF contact information

AMERICAS PARALYMPIC COMMITTEE

QUALIFICATION METHODS

There are a variety of qualification methods that IFs may decide to employ, which may depend on the nature and traditions of each sport.

In many sports, the participation of the host country is guaranteed via reserved slots. However, athletes representing the host country still need to comply with all eligibility requirements in order to enter the Lima 2027 Parapan American Games.

The following qualification methods based on performance may be used by IFs. Methods 1, 2 and 3 are referred to as **"direct slot allocations"** as they reward performance at one competition directly with a qualification slot.

1. Placement at world championships
2. Placement at regional/zonal championships or sub-regional games
3. Placement in other IF sanctioned competitions or designated qualifiers
4. Rank on a world or regional ranking list
5. Rank on a specific Parapan American qualification ranking list
6. Achievement of a Minimum Qualification Standard (MQS) with or without subsequent quota allocation formula
7. Team completion
8. Bipartite commission invitations

In the event of any inconsistency between IF qualification methods for the Lima 2027 Parapan American Games that are published elsewhere and the IF qualification methods listed in these Regulations, these Regulations will prevail.

QUESTIONS AND UPDATES

For questions regarding sport-specific qualification issues please contact the respective IF. Questions of a general nature can be addressed via email to the AmPC at carla.damata@americasparalympic.org. Occasional updates to these Regulations may be necessary. Updates are recorded at the end of these Regulations. For the latest version of these Regulations (see date on front page) please visit www.americasparalympic.org .

At any given time the only valid version of these Regulations is the one published on the AmPC website.

3. GENERAL AMPC REGULATIONS ON ELIGIBILITY

In addition to each IF's own sport-specific athlete eligibility criteria the AmPC has established a set of general eligibility criteria that apply to all participants in the Parapan American Games. They ensure that the fundamental rights and obligations of the AmPC and its membership are recognized and protected. The general AmPC regulations on eligibility are as follows:

AmPC MEMBERSHIP

Only NPCs from the Americas region and in good standing with the AmPC may enter duly qualified and eligible athletes in the Lima 2027 Parapan American Games. NPCs are also reminded that each NF must be in good standing with the NF's respective IF, as required by that IF.

COMPLIANCE WITH AmPC ATHLETE NATIONALITY REGULATIONS

Any athlete in the Lima 2027 Parapan American Games must comply with the provisions of the AmPC Nationality Regulations.

MINIMUM AGE REQUIREMENT

No minimum age limit for athletes competing in the Parapan American Games is stipulated by the AmPC on a general basis. However, NPCs must note that an age limit may be established by IFs through their own sport-specific rules and athlete eligibility criteria (including those set out in the sport-specific sections of these Regulations). While the Parapan American Games welcomes the Americas' youth with an impairment, NPCs are encouraged to send to the Parapan American Games only athletes who are adequately prepared for high performance competition.

UNDERSTANDING AND AGREEING TO THE CONDITIONS OF PARTICIPATION

To be eligible for participation in the Lima 2027 Parapan American Games all athletes must sign and agree to comply with the AmPC Conditions of Participation Agreement. This agreement is part of the NPC registration process.

NPC SELECTION STANDARDS

The AmPC recognizes and respects the right of NPCs to establish their own national selection standards for determining the qualification of an athlete or team to compete in the Lima 2027 Parapan American Games. Such standards must be compliant with those established by the AmPC as well as those of each respective IF. Any national selection standards must also align with confirmation dates and administrative deadlines of the Lima 2027 Organizing Committee. All athletes and teams are equally subject to their respective NPC's selection standards.

COMPLIANCE WITH CLASSIFICATION RULES

Only qualified athletes who meet the relevant IF's sport-specific classification rules and have an appropriate sport class and sport class status will be eligible for entry in the Lima 2027 Parapan American Games. It is the responsibility of each NPC to ensure that its athletes are appropriately classified in their respective sports prior to entry and that each athlete holds a sport class and sport class status that complies with the IF's eligibility requirements as published in these Regulations. In particular, an athlete is only eligible to be entered in an event that is open to their respective sport class under the relevant IF's rules.

In certain sports, as specified in the sport-specific sections of these Regulations, NPCs are permitted to provisionally select athletes with a Sport Class Status of (i) New; (ii) Review; and (iii) Review with a Fixed Review Date of 2027 or earlier, subject to such athletes attending an Evaluation Session prior to or during the Games (including any required in-competition Observation Assessment).

4. BIPARTITE COMMISSION INVITATIONS

The AmPC and certain IFs have sought to provide targeted qualification slot allocations through Bipartite Commission Invitations. Bipartite Commission Invitations are included in the overall athlete quotas of the relevant sports chapters as set out below.

Subject to the following, Bipartite Commission Invitations are granted by the AmPC in its sole discretion following engagement with the relevant IF. To be eligible for a Bipartite Commission Invitation, in all circumstances:

(a) an athlete must meet the general AmPC regulations on eligibility above and the IF's own sport-specific eligibility criteria below; and

(b) an athlete must meet the relevant IF's classification eligibility requirements and may only be granted a Bipartite Commission Invitation in relation to an event that is open to their respective sport class under the relevant IF's rules.

While at the sole discretion of the AmPC, Bipartite Commission Invitations may typically consider the following factors:

- allowing the participation of top athletes who may not have had the opportunity to qualify through other methods due to extraordinary circumstances;
- ensuring the representation of athletes with high support needs;
- enabling greater representation by gender;
- ensuring medal events will have sufficient representation for event viability purposes; and/or
- optimizing the presentation of a particular contest within its competition format and schedule.

Each Bipartite Commission Invitation is granted to an individual athlete, not to the respective NPC. All Bipartite Commission Invitation decisions are final with no opportunity for protest or appeal.

Where applicable, the timeline for submission and acceptance of Bipartite Commission Invitation applications is set out in the relevant IF's chapter of these Regulations.

5. REDISTRIBUTION POLICY OF VACANT QUALIFICATION SLOTS

Each IF confirms in writing to the NPCs the allocation of qualification slots that their teams and athletes have obtained. The NPCs then must confirm acceptance of their allocated slots by the deadline established in each IF's chapter of these Regulations. Any qualification slots not used by an NPC will be reallocated according to the method outlined in the respective IF's chapter of these Regulations.

Qualification slots that cannot be reallocated by the established deadlines or become vacant (following the reallocation deadline) may be redistributed at the sole discretion of the AmPC to any sport on the programme and across gender categories. However, in all circumstances slot redistributions cannot be used to override:

a) the general AmPC regulations on eligibility above; or
b) the IF's classification eligibility requirements, and slot redistributions may only be granted in relation to an event that is open to the athlete's respective sport class under the IF's rules.

Each slot redistribution is granted to an individual athlete, not to the respective NPC. All redistribution decisions are final with no opportunity for protest or appeal.

6. UNIVERSALITY WILD CARDS

For the Parapan American Games, the AmPC aims to ensure representation of a maximum number of eligible member NPCs. This slot provision is called the Universality Wild Card (UWC) method and is by AmPC invitation only.

UWC invitations are granted by the AmPC in its sole discretion, and no athlete or NPC is entitled to receive a UWC. UWC invitations may be extended by the AmPC if an NPC has either: (a) been unable to qualify any athletes; or (b) has obtained only one qualification slot across all sports on the Games Programme. A maximum of one male UWC and one female UWC may be granted if an NPC has been unable to qualify any athletes. A maximum of one female UWC may be granted if an NPC has obtained only one qualification slot (irrespective of the gender associated with the slot).

In order to be considered for a UWC an athlete must meet the following criteria:

- comply with the general AmPC regulations on eligibility above;

- comply with the relevant IF's classification eligibility requirements, and UWC invitations may only be granted in relation to an event that is open to the athlete's respective sport class under the IF's rules;
- meet all the IF's other sport-specific eligibility criteria (unless any such eligibility criteria are expressly waived by the AmPC as part of the invitation); and
- be on the Accreditation Long List as described under Key Dates below.

Each UWC invitation is granted to an individual athlete, not to the respective NPC. If an NPC qualifies athletes via the regular qualification pathways after one of its athletes has been granted a UWC, that UWC is revoked and the athlete who qualified via the regular qualification pathway obtains the slot instead.

UWC invitations fall outside the athlete quotas by sport as published in these Regulations.

For the Lima 2027 Parapan American Games the AmPC will consider granting UWCs in the following sports:

- Para athletics
- Para swimming
- Para powerlifting

All UWC decisions are final with no opportunity for protest or appeal.

The AmPC will open the UWC application process around six (6) months prior to the Lima 2027 Parapan American Games.

7. KEY DATES

The following dates and deadlines have been established by the AmPC and the Lima 2027 Organizing Committee:

BEGINNING OF QUALIFICATION PERIOD: 1 JANUARY 2025

Subject to the following, each IF will determine its own qualification period during which athletes and teams can attain results and rankings that count towards qualification for the Lima 2027 Parapan American Games:

a) No IF may establish a qualification period that begins prior to 1 January 2025, whereby direct slot allocations (as defined above) are obtained by athletes or teams for the Lima 2027 Parapan American Games.
b) Results attained before this date cannot be considered for qualification to the Parapan American Games. Exemptions may be granted by the AmPC under exceptional circumstances. However, results and rankings from the Santiago 2023 Parapan American Games must not contribute to athlete qualification for the Lima 2027 Parapan American Games.
c) Participation in a competition during the qualification period may depend on results achieved prior to the beginning of the respective sport's qualification period.

ACCREDITATION DEADLINE: 11 JUNE 2027

Each NPC must submit to the Lima 2027 Organizing Committee complete information about every potential delegation member who may attend the Lima 2027 Parapan American Games. This "Accreditation Long List" includes athletes (including, but not limited to, duly qualified, replacements, substitutes, bipartite candidates), competition assistants (such as guide runners, tandem pilots, goalkeepers, Boccia assistants), coaches, team physicians, administrators, physiotherapists, caretakers, press attachés, Paralympic attachés, Chefs de Mission, NPC Presidents, NPC Secretaries General and accompanying guests. Only athletes who are registered by 11 June 2027 can be entered into the Lima 2027 Parapan American Games by the sport entries deadline (see below).

SPORT ENTRIES DEADLINE: 12 JULY 2027

Sport entries is the official registration process for qualified athletes selected to participate in the Parapan American Games. Any athlete an NPC may choose to enter must meet all applicable eligibility criteria by the time the entry is made. The athlete must also be on the "Accreditation Long List" (see previous section). The last possible day to meet the applicable eligibility criteria is 12 July 2027. Sport entries will close at 23:59h, Lima time, on 12 July 2027.

ALLOCATION OF QUALIFICATION SLOTS

The qualification slot is allocated to the NPC, not to an individual athlete. In the case of a Bipartite Commission Invitation the slot is allocated to the individual athlete, not to the NPC.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC can be allocated a maximum of one (2) qualification slots per individual medal event in the compound and recurve categories, and (1) qualification slot per individual medal event in the W1 categories, for a total of ten (10) qualification slots. Exceptions may be made via the Bipartite Commission Invitation Allocation method.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC, athletes must:

- be internationally classified in an eligible Sport Class with a Sport Class Status of (i) Confirmed; or (ii) Review with a Fixed Review Date after 30 September 2027.

MAXIMUM ENTRY PER NPC

An NPC can enter a maximum of two (2) eligible athletes per individual medal event in the compound and recurve categories; and one (1) eligible athlete per individual medal event in the W1 categories. Athletes must be entered in the medal event in which the slot was obtained. Exceptions may be made for Bipartite Invitation recipients.

An NPC automatically enters a maximum of one (1) mixed team comprised of one (1) eligible male and one (1) eligible female athlete if they have athletes competing in both genders. Team members are selected from the athletes who compete in the individual events. In principle the highest ranked male athlete and the highest ranked female athlete will be considered as the team, but the team composition can be modified up to 15 minutes before the start of the first team match.

An NPC can enter a double in the categories in which they have qualified for the doubles event (2 archers of the same gender and category).

AMERICAS PARALYMPIC COMMITTEE

QUALIFICATION SYSTEM

Qualification slots will be allocated in the following order:

<table>
<tr><th>METHOD</th><th>QUALIFICATION</th><th>TOTAL</th></tr>
<tr><td>Host Country Allocation</td><td>The Host Country directly qualifies one (1) athlete for each individual medal event. To qualify a double, the host country must win a doubles position in any of the two qualifiers for this event.</td><td>3 male athletes
3 female athletes</td></tr>
<tr><td>Para South American Games</td><td>1 individual position in each of the following categories: RM, RW, CM, CW will be allocated to the highest ranked individual archer from countries which did not win team or individual spots in the Para Pan American Championships. These positions will be allocated retroactively after the Para Pan American Championships.</td><td>2 male athletes and 2 female athletes</td></tr>
<tr><td>Para Pan American Championships Allocation</td><td>The top three doubles in the recurve and compound categories will win 2 spots for their NPC. (12 male and 12 female athletes).

The highest ranked athletes in each individual medal event (excluding those NPCs that won doubles positions) will each obtain one (1) qualification slot (only one for each NPC) for their NPC according to the following matrix:
<table>
<tr><th>Men’s Individual W1</th><th>3</th></tr>
<tr><td>Men’s Individual Compound</td><td>3</td></tr>
<tr><td>Men’s Individual Recurve</td><td>3</td></tr>
<tr><td>Women’s Individual W1</td><td>3</td></tr>
<tr><td>Women’s Individual Compound</td><td>1</td></tr>
<tr><td>Women’s Individual Recurve</td><td>1</td></tr>
</table>
Any slot that cannot be allocated through this method will be allocated via the Bipartite Commission Invitation allocation method.</td><td>21 male athletes and 17 female athletes</td></tr>
</table>

<table>
<tr><td>Para Central American and Caribbean Qualifier</td><td>1 individual position in each of the following categories: RM, RW, CM, CW will be allocated to the highest ranked individual archer from Central American and Caribbean NPC which did not win team or individual spots in the Para Pan American Championships. These positions will be allocated at the Para Pan American Championships once individual positions have been allocated to athletes from the whole continent in the overall match play rounds.</td><td>2 male athletes and 2 female athletes</td></tr>
<tr><td>Second Qualifier (2027)</td><td>The first place (only one double) in the doubles event in each recurve and compound category will secure 2 spots for their NPC (4 male and 4 female athletes). The NPCs who won a doubles position in the Para Pan American Championships will not compete for new positions in this second qualifier.

The highest ranked athletes in each individual match play with athletes from NPCs that have not won a position yet in a specific category will each obtain one (1) qualification slot (only one per NPC) according to the following matrix.

<table>
<tr><th>Men’s Individual W1</th><th>1</th></tr>
<tr><td>Men’s Individual Compound</td><td>1</td></tr>
<tr><td>Men’s Individual Recurve</td><td>1</td></tr>
<tr><td>Women’s Individual W1</td><td>1</td></tr>

Should the doubles position be won by an NPC which had already won an individual spot in the Para Pan American Championships, this individual position becomes vacant and will be allocated to the next individual archer in the second qualifier whose NPC does not have spot.</td><td>7 male athletes and 7 female athletes</td></tr>
</table>

Athletes will be considered only if their result is equal to or higher than the MQS in that medal event. An NPC may be allocated no more than one (1) qualification slot per athlete even if the	43 gender-free

If more athletes have achieved an MQS than the total number of qualification slots available under this method, then the qualification slots will be allocated as below. Gender Free: A x (B ÷ C) = NPC Allocation A: NPC's total number of athletes with an MQS B: Total number of available qualification slots C: Total number of all athletes from every NPC with an MQS. WSPS reserves the right to round up or down to achieve the required allocation of qualification slots. Any qualification slot not allocated under this method will be allocated through the Bipartite Commission Invitation Allocation method.

ALLOCATION OF QUALIFICATION SLOTS

The qualification slot is allocated to the NPC not to the individual athlete, with the exception of Bipartite Commission Invitation slots which are allocated to the individual athlete, not to the NPC.

To ensure all medal events on the program are viable at the Lima 2027 Parapan American Games World Para Swimming ("WPS") reserves the right to allocate slots to the exclusive use of certain sport classes determined by WPS. The slot shall be used as allocated or the NPC must return the slot to WPS.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC can be allocated a maximum of forty (40) qualification slots. Of the forty (40) a maximum of twenty-one (21) can be Male and a maximum of nineteen (19) can be Female. Exceptions may be granted through the Bipartite Invitation Commission Allocation method.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC, athletes must:

1. hold an active World Para Swimming Athlete License for the 2027 season;
2. be internationally classified in an eligible Sport Class with a Sport Class Status of (i) Confirmed; or (ii) Review with a Fixed Review Date of 2028 or later*;
3. have achieved a Minimum Qualification Standard ("MQS") at a 50m World Para Swimming Recognised Competition (as defined in the World Para Swimming Rules & Regulations) for the respective event (excluding relay events) between 1 January 2026 and 14 June 2027 (inclusive);** and
4. have achieved a MQS in accordance with the World Para Swimming Athlete Registration and Licensing Regulations valid for the 2026-2027 seasons**.

*In relation to criterion 2 above, NPCs are permitted to provisionally select athletes with a Sport Class Status of (i) Review; and (ii) Review with a Fixed Review Date of 2027 or earlier, subject to such athletes attending an Evaluation Session prior to or during the Games (including any required in-competition Observation Assessment).

**Exceptions may be granted to criteria 3 and 4 (shown above) through the bipartite Commission Invitation Allocation method.

Note:

The MQS was set on 14th place of the official Americas ranking list 01-01-2025 to 20-08-2026. If there were not 14 athletes, the average of the last two times of the rankings is used as an MQS. If there were five or less athletes in the rankings, rank 25 of the official World ranking lists was used (where appropriate). If there are less than 25 athletes in the official World ranking the average of the last two times is used as an MQS.

For relay events there are no MQS times, teams can be entered even without previous achievement (they will be seeded with 'no time'). NPCs that have time for their relay team from the qualification period can enter this result in the final entries.

BIPARTITE COMMISSION INVITATIONS

Bipartite Commission Invitations are granted by the AmPC and World Para Swimming and there is no obligation to award any slots, regardless of whether or not the athlete meets the criteria as outlined in section 4 of this Qualification Criteria.

In addition to criteria outlined, for Para Swimming an Athlete with a Sport Class Status of New (N) may be considered through the Bipartite Commission Invitation Allocation method. These athletes will be considered against all Bipartite Commission Invitation Allocation requests and are subject to such athletes attending an Evaluation Session prior to or during the Games (including any required in-competition Observation Assessment)

World Para Swimming must receive an official application from the relevant NPC to nicole.burns@worldparaswimming.org and be entered into the WPS SDMS System-Bipartite Request https://www.ipc-services.org/sdms no later than 13 June 2027.

MAXIMUM ENTRY PER NPC

Individual Events

NPCs can enter a maximum of three (3) eligible athletes per individual medal event. If there is more than one eligible sport class in the event, a maximum of five (5) athletes per event can be entered per each NPC. However, only a maximum of three (3) athletes per each eligible sport class can be entered.

NPCs can enter their athletes that have met at least one (1) MQS in an unlimited number of events.

If following classification changes there are more than the identified number of athletes in an event, the NPC must decide which athletes are selected to swim within the above number identified.

Relay Events

NPCs may enter a maximum of one (1) team in each relay event. All team members must have entered at least one (1) individual medal event to be selected as part of the relay team.

Following the Entry deadline by Number no withdrawal of any athlete will be possible, with the exception of verified medical withdrawals as per WPS Rules and Regulations. No changes to the male or female entry numbers will be accepted.

QUALIFICATION SYSTEM

Qualification slots will be allocated in the following order:

METHOD	QUALIFICATION	TOTAL
MQS Allocation	Athletes who achieved an MQS performance at a WPS Recognised Competition between 1 January 2026 and 21 February 2027 will be considered to determine the NPC's MQS Allocation. An NPC may be allocated no more than one (1) qualification slot per athlete, even if the athlete has achieved an MQS in multiple events. If more athletes have achieved an MQS than the total number of qualification slots available under this method, then the qualification slots will be allocated as below. The highest ranking of the athletes in any individual medal event on the WPS World Ranking List closing 21 February 2027 will be taken into account (weighted as set out below) to determine the final number of slots allocated to each NPC: Rank 1-8 equals 1 Rank 9-12 equals 0.8 Rank 13-16 equals 0.6 Rank above 16 equals 0.5 **Male:** A x (B ÷ C) = NPC Allocation <u>A:</u> NPC's total number of male athletes with an MQS (based on the weight of their rank) <u>B:</u> Total number of available male qualification slots	140 male athletes 120 female athletes

	C: Total number of male athletes with an MQS (based on the weight of their rank) **Female:** D x (E ÷ F) = NPC Allocation D: NPC's total number of female athletes with an MQS (based on the weight of their rank) E: Total number of available female qualification slots F: Total number of female athletes with an MQS (based on the weight of their rank) If the final number of slots to be allocated to each NPC is not a whole number (i.e., the number includes decimals between .01 - .99) then the following rounding process will be followed: - If the final number is in the decimal range between .01 - .49 then it will be rounded down to the nearest whole number. - If the final number is in the decimal range between .50 - .99 then it will be rounded up to the nearest whole number. Any slots that cannot be allocated through this method may be allocated through the Bipartite Commission Allocation method (see below).	
Bipartite Commission Invitation Allocation	Ten (10) eligible athletes will be considered for Bipartite Commission Invitation qualification slots. To be considered for a Bipartite Commission Invitation slot, NPCs must submit an official application in writing to WPS by 13 June 2027.	10 athletes
